Principal (relieving): Mr Andrew Pesle

Dear Parent/Carer,

Swansea High School aims to provide a challenging curriculum that maximises the learning outcomes of gifted and talented students. We will be offering an academic enrichment class to exceptional Year 7 students in 2021. We are looking for innovative and creative thinkers with excellent problem-solving skills. High achieving academic students will have the opportunity to learn in a challenging environment alongside students of a similar ability. In differentiating teaching programs, our teachers will incorporate a variety of strategies designed to cultivate critical and creative thinking skills and promote learning growth in all students.

Admission to the Year 7 Enrichment Class 2021 will be based on the nomination form with portfolio submission, placement test results and interview with Adam Young (HT HSIE and GATs Coordinator), Jade Phillips the 2021 Year 7 Advisor and myself. If you have any enquiries, please contact Adam Young at Swansea High School on 02 49711944 or adam.young@det.nsw.edu.au

Yours sincerely,

Andrew Pesle
